

ENGINEERING • CONSULTING • COMMISSIONING • CONSTRUCTION

Experts in Arc Flash Hazard Analysis, Infrared Inspection, Labeling, and Training

Key Differentiators

PROFESSIONAL QUALIFICATIONS

- We have performed hundreds of electrical studies nationwide and have a dedicated arc flash team with 12+ years average experience.
 - We have certified Infrared Thermographers who perform annual inspections during arc flash surveys.
 - All work is done in-house by licensed electricians, thermographers, and licensed Professional Engineers.
- No subcontractors!**

SOFTWARE

Our staff is formally trained in industry-standard analysis software (ETAP, SKM).

LABELING

We supply customized arc flash labels exceeding NFPA 70E requirements for harsh environments.

TRAINING

We provide customized on-site NFPA 70E training by NFPA-certified CESC and OSHA authorized instructors.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Authorized distributor of American-made PPE.

PROVEN PERFORMANCE

95% of performance ratings are Excellent or Very Good and 93% of our work comes from repeat customers, demonstrating our commitment to quality, cost control, and adherence to schedules.

About Us

Founded in 2015, Citrine LLC (Citrine) is a multi-discipline firm specializing in professional engineering design, construction administration, and commissioning services. Citrine is at the forefront of electrical safety processes involving electrical studies, LOTO procedures, safety assessments, project documentation, compliance, record keeping, labeling, training, and PPE. We have extensive experience in the manufacturing, industrial, commercial, military, hospital, and government sectors. Our team of arc flash professionals will ensure that your facility is compliant with OSHA, NEC, and NFPA 70E.

Sampling of Our Arc Flash Past Performance

Arc Flash Hazard Analysis, Infrared Inspection, and Labeling

Power Systems Studies, Chelan County Public Utility District No.1, WA
5 hydroelectric plants, 11 hatchery and 23 wastewater facilities; 2026-2027

Teknor Apex Gainesville Plant, Gainesville, GA 30,000 sf; 2025

Pinon Health Center, Indian Health Services, Pinon, AZ 68,288 sf; 2025

VIA Metropolitan Transit (VIA), San Antonio, TX 12 buildings; 500,000 sf

Veterans Administration Medical Center, Department of Veterans Affairs Lebanon, PA 855,452 sf; 2024

Radar System TPS-75, United States Air Force Hill Air Force Base, UT
Mobile radar tracking unit and truck; 2024

Frank Hagel Federal Building, Social Security Administration Richmond, CA 619,000 sf; 2024

Department of Labor - Various Locations Across the United States
1,471 buildings at 115 Job Corp locations in all 50 states; 2024

GSA Region 10 (#4), Washington, Idaho
3 facilities totaling 221,500 sf; 2024

GSA Region 10 (#3), Washington, Oregon, Alaska
3 facilities totaling 1.64M sf; 2024

GSA Region 10 (#2), Washington, Oregon 3 facilities 569,777 sf; 2022

GSA Region 10 (#1), Oregon, Alaska, Washington
4 facilities totaling 1.26M sf; 2021

GSA Region 6 (#3), Nebraska and Missouri
2 office buildings totaling 537,568 sf; 2024

GSA Region 6 (#2), Missouri 3 office buildings totaling 925,000 sf; 2024

GSA Region 6 (#1), Iowa and Missouri
3 office buildings totaling 1,975,550 sf; 2023

VA Southern Nevada Healthcare System (VASNHS)
Department of Veterans Affairs, North Las Vegas, NV 1.1M sf; 2022

Republic National Distributing, Admin Building & Warehouse Littleton, CO 1.5M sf; 2022

Pueblo Airport Generating Station, Black Hills Corp, Pueblo, CO
1M sf; 2021

Oregon Trail Interpretive Center, Bureau of Land Management Baker City, OR 30,817 sf; 2021

NFPA 70E Electrical Safety Training

- Department of Labor, 115 Job Corp Centers 2024
- Maryland Health Care System, Department of Veterans Affairs, Perry Point, MD 2023
- Black Hills Corporation, Pueblo, CO 2022 - 2024
- VA Southern Nevada Healthcare System (VASNHS) Department of Veterans Affairs, North Las Vegas, 2022
- Western Area Power Administration (WAPA), Arizona & Nevada 2020
- National Institute of Standards & Technology (NIST), Washington DC 2020
